SAVMA presents a double hitter

**ZOOM continuing education program presented
by**

Theresa W. Fossum, DVM, MS, PhD, DACVS

Vice President of Research and Strategic Initiatives
and a Professor of Veterinary Surgery
Midwestern University

CBD: What Clinicians Need to Know

- 1) What are the differences between cannabis, marijuana and hemp and why does it matter?
- 2) What are the legal issues facing veterinarians who wish to discuss or recommend CBD to their clients?
- 3) What are the indications for CBD in pets?
- 4) What do we know regarding the safety of CBD in companion animals?

Management of Animals with Pleural Effusion

- 1) What you need to know regarding chest taps and chest tubes to make them safe in your practice
- 2) Considerations for managing dogs that present with acute respiratory distress and pleural effusion
- 3) What is a chyloous effusion and is it treatable?
- 4) Time permitting - management of pyothorax

Time: Log in: 6:30 – 6:45 pm, Arizona Time
